Sir:

This record recounts telephonic interviews conducted between Applicants' Attorney John P. Hohimer and Examiner Savitri Mulpuri on January 12, 2004 with regard to the referenced Application. No exhibits were shown or demonstrated during these telephonic interviews.

In the telephonic interview, Claims 52-60 were discussed in view of the §102 and §103 rejections set forth by the Office in paper no. 8 and Applicants' Amendment and Response in paper no. 9. Applicants agreed to cancel Claims 52-60 by examiner's amendment.

Examiner Mulpuri also proposed examiner's amendments that would render the remaining claims allowable in view of Applicants' remarks in paper no. 9. These proposed examiner's amendments included combining all the limitations of Claim 62 into Claim 61 to render Claims 61 and 63-69 allowable; combining the limitations of Claims 71 and 72 into Claim 70 to render Claims 70 and 73-75 allowable; and combining the limitations of Claims 77-79 into Claim 76 to render Claims 76 and 80-83 allowable. Applicants agreed to each of these examiner's amendments and faxed an unsigned proposed amendment to assist the Examiner in combining the limitations of the dependent claims above into the base claims to render the above claims allowable.

Respectfully submitted,
